

**BAFTSS Transnational Film and TV Special Interest Group.
Report on Activities 2016- 2018**

The Transnational Film & TV SIG was founded in 2016 and the co-convenors are Deborah Shaw and Rajinder Dudrah; we have 32 members. We have set up a Facebook page run by Sanghita Sen, and a twitter site run by Hannah Bayley. At the next meeting of the SIG to be held at the BAFTSS conference we will discuss: ways to revamp the Facebook page and raise the profile of the twitter feed; ideas for future activities. Sanghita would welcome working with another SIG member on the Facebook stage and we will discuss this at the next meeting. Members have not, to date, expressed an interest in hosting an event, despite communication from the SIG coordinators about funding opportunities. Nonetheless, plans are in progress to host a conference in 2019 or 2020 at De Montfort University co-organised by SIG coordinators, Monia Acciari, and the *Transnational Cinemas* journal editorial team. This will coincide with the 10th anniversary of Transnational Cinemas. Deborah and Rajinder have been joined in the coordination of the SIG by Yael Friedman (from January 2019). Yael will convene a meeting at the next BAFTSS conference of the members who are attending, and will discuss plans for future activities and the future direction of the SIG.
